

QWIK CONNECT™

MODEL QC1

¾-INCH REMOVABLE A/C PAN ADAPTOR

Connects and disconnects A/C drain lines to ¾-inch drain pan outlets. Allows access to drains and drain pan outlets without cutting or gluing PVC.

- Reaches pan outlets with longer gaps between the equipment casing and the outlet
- Allows easy access to drains and drain pan outlets for cleaning and maintenance without cutting or gluing drains.
- Designed to work with Safe-T-Switch® condensate overflow switches.
- Cutting guide allows custom sizing.
